SUMMARY

Digital developer/designer based in London loving to animate ideas with responsive design code. Intuitive approach and treating problems as opportunities are from where I start to build websites, using simple design with modern web-standards, and willing to learn and work with the best commitment.

SKILLS

- HTML5 CSS3 jQuery WordPress JavaScript(basics)
 - Sublime Photoshop Illustrator Dreamweaver
 - Building and testing responsive websites
 - Strong attention to details
 - Image manipulation
 - UX – UI
 - Photography
-
